PLAN DE APOYO GRADO 9° SEGUNDO PERÍODO

Elabora en tu cuaderno de inglés para presentar el siguiente taller, no olvides que debes realizar la sustentación y presentación del poster a tus compañeros.

Topic	Skill(s)	Grammar	Vocabulary	Function(s)
Water conservation	Reading Writing	Modals: should/shouldn't imperatives	Vocabulary about the environment	Make suggestions and recommendations

LEARNING OBJECTIVES	LEARNING STRATEGIES
What will you learn/practise/reinforce with these activities? • To recognise vocabulary about taking care of water. • To identify specific information in a short text. • To create a poster to express ideas and suggestions about how to protect the water.	*What can you do to achieve the objectives?* • Read carefully all the instructions for each task. • Relate words and visuals. • Look at the examples given. They are highlighted in different colors. • Use new words in contexts. • Use your prior knowledge and try to infer the meaning. You should not translate word by word. • First, read to understand the main idea, then read to find out specific details focusing on key words.

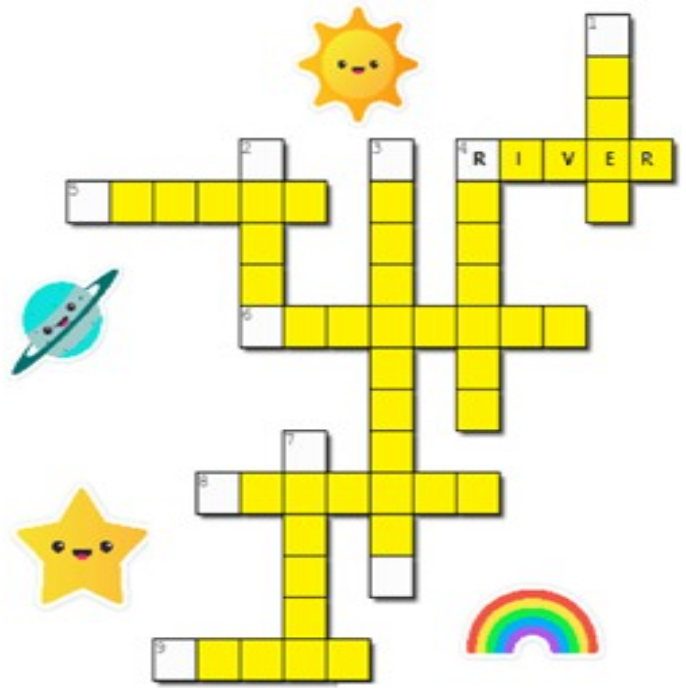

VOCABULARY TASK (25 minutes)

ACTIVITY # 1. Read the definitions and complete the crossword with the words from the chart below. Use a dictionary to understand the known vocabulary.

2. The part of your body on the end of your arm that has fingers.
3. The natural world or ecosystem (plants, animals, etc.).
4. Things that you throw away because you do not want them.
7. It is a vegetable that grows on the soil or water and has leaves and roots. Besides, people use it for decorating.

READING TASK (20 minutes)

Save the planet… Take care of the water!

Tips to Save Water

a. Collect rainwater to water the plants in your garden.
b. Only flush the toilet when you need to. And don't throw tissues, etc. in the toilet. Put them in the bin!
c. Only wash your clothes once a week.
d. Turn off the water when you wash your hands or face and when you brush your teeth.
e. Have a quick shower not a bath – five to ten minutes is enough.

Additional tips:

1. You should reuse the water when you wash clothes in the washing machine
2. You should appreciate the value of water and take care of the environment
3. You should water the plants with recycled water
4. You should reduce your water consumption for washing the dishes
5. You should not pollute our rivers with chemicals, plastic bags, and rubbish.

ACTIVITY # 2.

1. Inferential reading.
